HOROSCOPE

For Thursday, March 19, 1998. ARIES (March 21 to April 19) You think you're fooling someone, but you're actually only deluding yourself. Make an effort to tell the truth. TAURUS (April 20 to May 20) My, how you do procrastinate at times! By day's end, you find yourself up to your elbows in that certain project. GEMINI (May 21 to June 20) You get help on a project from an unlikely source. In romantic matters, you're being somewhat hardheaded. CANCER (June 21 to July 22) You're all play and no work — which doesn't sit well with bigwigs. Pay more attention to what must be done on the job. LEO (July 23 to Aug. 22) Your mate is clamoring for attention, and you'd be wise to accommodate him or her. Perhaps you have been somewhat neglectful of late. VIRGO (Aug. 23 to Sept. 22) You can get lucrative offers from a broad range of prospects. Sift through them carefully. LIBRA (Sept. 23 to Oct. 22) You're inclined to a bit of laziness and don't feel like doing much of anything. However, you won't be able to avoid working for long. SCORPIO (Oct. 23 to Nov. 21) Things hum along nicely for you. Late in the day you and a friend have a pleasant conversation. SAGITTARIUS (Nov. 22 to Dec. 21) A look around you tells you just how much you've accomplished in recent weeks. Both your home and work spaces fairly sparkle. CAPRICORN (Dec. 22 to Jan. 19) You unwittingly interfere with a co-worker's plans. No matter how much you apologize, it doesn't help. AQUARIUS (Jan. 20 to Feb. 18) It's unattractive when you insist on having your way. Concentrate on cooperation. You can get more done that way. PISCES (Feb. 19 to March 20) Little things can really annoy you sometimes. Instead, look for ways to tap into your inner resources of strength.
